Emma! A Pop Musical (at Waterloo-Oxford D.S.S.)

Date and Time: Thursday, April 4 7:00 pm - 8:30 pm

Address: 1206 Snyder's Road West

A five, six, seven, eight! Waterloo-Oxford District Secondary School's production of ***Emma! A Pop Musical*** hits the stage this April and is a heartwarming story for the whole family to enjoy!

Based on Jane Austen's classic novel, ***Emma! A Pop Musical*** is a living, dancing and soul-warming jukebox musical that features hit songs of legendary girl groups and iconic female singers, from The Supremes and Whitney Houston to Shania Twain and Katy Perry.

The story of ***Emma! A Pop Musical*** focuses on Emma, a senior at Highbury Prep. This matchmaking master strives to find love for her classmates (as well as the private school's teachers!). Her next pet project is to find the perfect boyfriend for the young and bashful Harriet by the end of the school year. However, Emma's pursuit often goes sideways in hilariously unexpected ways, not to mention her relentless efforts just might be getting in the way of finding her own happiness...

This charming, full-length musical comedy is a delightful evening out for the whole family. With dynamic performances from W-O's talented students, ***Emma! A Pop Musical*** addresses how misguided romantic relationships can be when both personal vanity and stereotypes complicate matters.

Come and immerse yourself in the foot tapping, heart-warming, giggle-inducing world of ***Emma! A Pop Musical***.

All proceeds from the show will be put forward to specifically support the arts at Waterloo-Oxford D.S.S.

Performance Details: *Emma! A Pop Musical*

Dates: April 4th, 5th, and 6th, 2024 (Thursday through Saturday) at 7 pm

Stove Talk - Introduction to Induction

Date and Time: Tuesday, April 30 7:00 pm - 8:30 pm

Address: 26 Eby Crescent

The **Nith Valley Ecoboosters** will be hosting a free in-person educational event on April 30th entitled: **"STOVE TALK: Introduction to Induction"**. The event will take place in Room A at the **Wilmot Recreational Complex**, 1291 Nafziger Road in Baden, from 7:00-8:30 p.m. Lots of free parking is available at the Complex!

Please join us and learn about induction cooking, how induction burners work, and see demonstrations of how to cook some new and also familiar foods with this technology. Induction cooking is gaining popularity because it helps to protect indoor air quality, uses less energy, generates fewer carbon emissions, cooks food faster, has better temperature control, is safer to use than conventional electric and gas alternatives.

We will have 5 "local chefs" at the event and they will be preparing a variety of foods and hot drinks for everyone to sample. And you will have a chance to win one of the door prizes that we are giving away!

Register for this free event at nvecoboosters.com
