Getting Off Gas - Electrify Your Home

Date and Time: Tuesday, April 1 7:00 pm - 9:00 pm

Address: 26 Eby Crescent

The **Nith Valley EcoBoosters** and **Reep Green Solutions** are co-hosting a free webinar, "**Getting Off Gas – Electrify Your Home**" on **Tuesday, April 1st from 7:00 to 9:00 p.m. EDT.**

Participants will learn about:

- Problems associated with the use of natural gas.
- Heat pumps and other “electric” alternatives to gas furnaces, water heaters, stoves, dryers and fireplaces.
- Information about the Federal interest free loan program and the new Ontario energy efficiency rebate program.

Our keynote speaker, **Heather McDiarmid**, is the founder of McDiarmid Climate Consulting. She specializes in researching, analyzing and communicating climate mitigation solutions for the residential sector. A Question & Answer period will follow Heather's presentation.

Reel Times at Somerset High: WODSS' One Act Play

Date and Time: Friday, April 25 7:00 pm - 8:00 pm

Address: 1206 Snyder's Road West

FOR IMMEDIATE RELEASE

Baden, Ontario

Waterloo-Oxford District Secondary School is very excited and proud of their upcoming theatrical production of *Reel Times at Somerset High*, a fun and high-energy one act performance, that hits the W-O main stage on April 25th and 26th.

As President of the Film & TV Club, Parker prides themselves on their knowledge of film and TV. They see the entire world as one big production: Math Class is a horror movie, the lunchroom is a cooking show, and Phys Ed is a war documentary. When a new student, Dallas, transfers to Somerset High, Parker discovers a new genre - romance. Soon a whole team of students with surprising talents are working together to help Parker make a big cinematic gesture in real life. But can you really connect with somebody you only see as a character? Maybe this isn't a rom-com - it's a joyfully hilarious coming-of-age story...with cow costumes.

Reel Times at Somerset High, written by TJ Young, is a One Act Play that's hot off the press after premiering at the International Thespian Festival in 2024.

This delightful multi-faceted genre-bending performance is a treat for the whole family. With dynamic performances from W-O's talented drama students, Reel Times at Somerset High embraces and indulges in the creative minds of high school students as they make sense of the world around them.

Performance Details: Reel Times at Somerset High

Elementary School Performance - April 25th @ 1 pm

Performances for the Public - April 25th @ 7 pm and 26th @ 7 pm

Tickets: \$10 (cash at the door or online via the QR Code)

Running Time: Approximately 45 minutes

Age Suitability: For the young and young at heart

Reel Times at Somerset High: WODSS' One Act Play

Date and Time: Saturday, April 26 7:00 pm - 7:00 pm

Address: 1206 Snyder's Road West

FOR IMMEDIATE RELEASE

Baden, Ontario

Waterloo-Oxford District Secondary School is very excited and proud of their upcoming theatrical production of *Reel Times at Somerset High*, a fun and high-energy one act performance, that hits the W-O main stage on April 25th and 26th.

As President of the Film & TV Club, Parker prides themselves on their knowledge of film and TV. They see the entire world as one big production: Math Class is a horror movie, the lunchroom is a cooking show, and Phys Ed is a war documentary. When a new student, Dallas, transfers to Somerset High, Parker discovers a new genre - romance. Soon a whole team of students with surprising talents are working together to help Parker make a big cinematic gesture in real life. But can you really connect with somebody you only see as a character? Maybe this isn't a rom-com - it's a joyfully hilarious coming-of-age story...with cow costumes.

Reel Times at Somerset High, written by TJ Young, is a One Act Play that's hot off the press after premiering at the International Thespian Festival in 2024.

This delightful multi-faceted genre-bending performance is a treat for the whole family. With dynamic performances from W-O's talented drama students, *Reel Times at Somerset High* embraces and indulges in the creative minds of high school students as they make sense of the world around them.
